Pet of the Month

Oberon

Hi, my name is Oberon. I am a 3 month old adorable puppy. I was adopted by a wonderful couple that love me very much. But, right after I went to my new home, I got really sick. My mom and dad knew just what to do. They rushed me to Flanary Vet Clinic. I had to stay at the clinic until I was able to eat on my own. The Doctor's and staff took really good care of me. Now I am back home with my family and getting bigger and stronger every day.
