HAPPY NEW YEAR! A new year is a time to start off on the right foot...or paw! So we want to begin this New Year telling each of you about each of us!

LaNita S. Flanary, DVM owns and operates the Flanary Vet Clinic which was built in 1997 in the Reidland community. LaNita was born and raised on Husband Road in Paducah, surrounded by many animals on her family farm. Through scholarships, she completed a pre-vet curriculum at Murray State University and as a junior she was accepted early to Auburn University’s College of Veterinary Medicine. LaNita graduated summa cum laude from Auburn in 1995. For fun, LaNita still enjoys being with her menagerie of animals consisting of cows, chickens, horses, pigs, rabbits, sheep, dogs, ducks, geese, and cats on her farm. However most of her heart belongs to Maddie, her Bernese Mountain Dog (pictured above), Polly, her mixed breed dog and little Fancy Foo Foo Flanary.

Kimberly Rushing, DVM is Flanary Vet Clinic’s full-time associate veterinarian. She was raised in Clinton, KY on a farm with horses, cattle, goats and a group of dogs and cats. Dr. Rushing attended Hickman County High School. After enrolling in Murray State University and completing the Pre-Vet/Animal Health Technology Program, she was accepted early as a junior into Auburn University’s College of Veterinary Medicine. Since graduating vet school in 2003, Dr. Rushing has been practicing mixed animal medicine. Dr. Rushing spends her spare time with her beloved boxer mix, Miller and boxer, Dilly (pictured above).
Melissa, Receptionist and Veterinary Technician. Melissa moved to Kentucky in 2008. She has worked in the veterinary field for over 15 years. She also has her Human Medical Assistant diploma. She is married and has a little boy named Nathan. Melissa has 2 dogs, Jack a Chesapeake Bay Retriever and Dixie a yellow Lab. Melissa loves winter time and hockey.

Hillary, Veterinary & Kennel Assistant. Hillary was born in Paducah, Kentucky and grew up on a small farm. She graduated from Reidland High School in 2011. She was the FFA Purchase Region Secretary and the President of the Reidland High School FFA. Hillary was also the 2011 FFA State Star in Placement. In her spare time she enjoys spending time with friends. Hillary plans to attend Murray State University in the Fall of 2013.

Liz, Licensed Veterinary Technician. Liz was born and raised on a farm in a small town in Ohio. She attended Columbus State Community College and graduated in 2008 with an Associates of Applied Science degree from the Veterinary Technology Program. Upon graduation she obtained her Vet Tech License and began working at a local veterinary clinic. After a few years of working she decided to test the waters. An opportunity presented itself and she began working at the Louisiana State University in the School of Veterinary Medicine within the animal ICU and ER. After gaining more experience than she could have ever asked for she chose to follow her boyfriend and his job. That is how she ended up here in Paducah KY. In her spare time she enjoys spending afternoons at the new dog park with Kimber, her Great Dane Mix.
Morgan, Veterinary Technician. Morgan was born in KY and raised in IL. She graduated from Harrisburg High School in 2008 and attended Southeastern IL college right after. She graduated with an Associate of Applied Science Degree in the SICCM veterinary technology program in May of 2010. Morgan and her boyfriend, Brandon, moved to Paducah after she graduated from college. She has 3 four legged kids. Tricity, a pom mix; Bank, a pitbull; and Duke, a bulldog cross. In her spare time she loves spending time with her family and friends.

Donna, Receptionist. Donna worked for Dr. Flanary for 8 years and her love of animals and passion for the job has brought her back to Flanary Vet Clinic. She lives in Reidland with her beloved Pomeranian, Cartman, and Persian, Monkey. She has one son who is now married and lives in St. Louis. She doesn't have any grandchildren but does have 3 grand-puppies! Walt and Toby, the Pomeranians, & Sophie, the dachshund.

Katie, Kennel Assistant and Pet Sitter. Katie was born in TX but raised in KY. She attended WKCTC and received her degree in Information Technology. Her love of animals brought her to Flanary Vet Clinic. In her spare time she enjoys photography and blogging; both of which are centered around her favorite subjects her poodles, Mollie Jo & Bobo!
Goldie Davis, originally from Blackstone, VA, has become the loving clinic mother to Flanary Veterinary Clinic. She is the glue that helps hold this place together. Goldie daily files, pays bills, organizes, and keeps the place calm even in the midst of the most chaotic storms. Goldie relocated to the area with her husband of 42 years, Marvin, some 31 years ago. She co-owned and ran a pool shop and raised two children Tony and Robin. Goldie is also Dr. Flanary’s second mom. She has been blessed with one grandchild, Nathan. While she has no pets at home currently she loves all that are here at the clinic. Without Goldie this clinic would truly be lost.

Maddie is a Bernese Mountain Dog. She chose her Momma, aka Dr. Flanary, when she was a little 8 pound puppy!! She kept climbing into her Momma’s lap and would not let her check out any of the other puppies. Needless to say, she rode home in her Mom’s lap and has been with her ever since!! Maddie works at the Flanary Vet Clinic every day and she comes on emergencies too as her Momma's protector!!! Maddie loves babies- baby ducks, goats, pigs, and even 2 legged kids! She makes a great babysitter. She also loves to lay on her back, eat CET dental treats, and go jump in the pond on a hot day on the farm when her Momma’s not watching. She also enjoys riding in her Momma’s big red truck and visits with her grandpa.
Fancy is a 1 year old Pomeranian. She spends most of her days making sure the vet clinic is running smoothly for her mom, Dr. Flanary. In her time away from the clinic she has been known to get into a bit of mischief by shredding toilet paper, shredding paper, chewing on furniture legs, and chasing the white ducks all over the farm, but it is all for fun for one little Pomeranian!!!!

Now that you know a little about each of us we would like to know a little about each of you. Please come by the clinic, call or email us any changes in email, phone number, address, or pets that may have occurred in the recent months. We love to hear from each of you! We want to be bonded to you and your pets. Keeping your account up to date will allow us to better serve you and your pets in the New Year! If you don’t have an email on file we highly recommend it as we can send reminders, specials, and news to you easily! One other way to stay connected with FVC is though our Facebook page. We post exclusive web offers, specials and contests so check it out! To those who already “Like” us we enjoy seeing pictures of your pets that you post!
