**FR3SH Technology to help maintain**  
**fresh breath**  
**Control plaque to promote healthy**  
**teeth & gums**  
**Add to pets drinking water daily.**

<b>covetrus</b>		
<p><b>Properties:</b> Dental chlorhexidine rinse is a palatable antibacterial rinse to help control and deter the growth of the bacteria in your pet's mouth that contributes to gum disease. It helps reduce plaque and freshens breath.</p> <p><b>Indications:</b> An oral antibacterial rinse for plaque reduction in dogs and cats.</p> <p><b>Directions for use:</b> Use only as directed by your veterinarian. Shake well before each use. Rinse daily following a meal or as directed by your veterinarian. Hold bottle upright, below your pet's field of vision. Lift the upper lip to expose the teeth and gums. Point applicator tip at gumline and squeeze to apply solution until teeth are completely coated. Dental chlorhexidine rinse disperses rapidly and completely covers the entire oral cavity, even hard-to-reach areas. Avoid touching the gum with the applicator tip.</p>	<p>NDC 11695-7235-8</p> <p><b>Dental chlorhexidine rinse</b></p> <p>Chlorhexidine gluconate 0.13%</p> <p>Antibacterial rinse</p> <p>Helps reduce plaque and freshens breath for dogs and cats</p> <p>For animal use only</p> <p>Keep out of reach of children</p> <p>Net contents: 8 fl oz (237 mL)</p>	<p><b>Active ingredient:</b> 0.13% chlorhexidine gluconate.</p> <p><b>Inactive ingredients:</b> Sorbitol, water, zinc acetate, flavor, cetylpyridinium chloride.</p> <p>Does not contain alcohol.</p> <p><b>Caution:</b> For animal use only. Avoid contact with eyes. If eye contact occurs, rinse thoroughly and consult your veterinarian. If mouth irritation occurs or increases, discontinue use and consult with your veterinarian. Wash hands after use.</p> <p><b>Storage:</b> Store at room temperature. Do not freeze.</p> <p>Reorder #058597 Questions? **Microchip Your Pet Today!**

Nobody plans  
for accidents to  
happen...

Make it possible  
for your pet to  
**Come Home!**

**FOOD FOR THOUGHT ONLY \$29.99:** After the December 10<sup>th</sup> tornado's local shelters have been overrun with lost pets, who didn't have any proper form of ID. Collars, tags, and GPS tracking devices such as Tile or Apple Air Tags can easily come off in many situations. They can never lose a microchip! We are urging everyone to microchip their pets regardless if they are indoor only or not. \$29.99 can be the difference of your pet coming back home!

**THE COUNT DOWN TO KAYLA FERREL DVM ARRIVAL MARCH 7TH**

**34 DAYS!**

**CAN YOU TELL WE ARE EXCITED?!**

**In closing,**

It's February and National Pet Dental Month. Can you imagine how bad our teeth would be if we didn't brush our teeth?? Exactly!! So now is the time to take advantage of our dental special and have your pet's teeth cleaned!

First, if you have not downloaded the PetDesk app on your phone or computer, please do so today! We have quit sending out letter reminders

(due to price of postage) and this will be how you receive reminders as well as monthly specials. You will be able to contact us through the app as well! All of your pet's health information, lab results, vaccination records, and prescriptions are listed. You can refill prescriptions for pick up, set up appointments and ask us questions all through the app!

February is here and its COLD! Because of the colder temperatures we may not have someone available to check you in when you arrive in the parking lot. We have signs displaying the clinic number, ***please call and check in if no one comes to your vehicle within 5 minutes of your arrival.***

We are now offering to mail your pets medications to you! If you would like to take advantage of this service, please let us know when you place your refill request. Also, did you also know we can *price match* most drugs PetMeds or Chewy advertises? Ask us about it at your next medication refill! We try our best to earn your business for the best interest of your pet's health. We strive to keep local jobs & urge you to support local business as well instead of the large internet companies.

I would like to encourage you to take the initiative and microchip your pets regardless of their status as indoor only or not. This way when disaster strikes, accidents happen, or a theft occurs they can be properly identified as yours in a way they can NEVER lose. We want to do everything we can to ensure you make an informed decision on what you believe is best for your pet & family.

We thank all our amazing clients and staff for a great start to 2022 even with the current situations caused by the COVID-19 Pandemic.

-LaNita S. Flanary DVM
