

FLANARY VET CLINIC NEWSLETTER

2025- Issue 12

Dear Santa Paws,

This is Rosie and I am 4 years old now! This year I have been a really good girl! I help Mama around the farm and make sure she is always protected. At night, I snuggle close to her to keep her warm but at the clinic, I have many important jobs. I am the canine comfort care tech & help all patients and clients and give them emotional support and comfort. I also am the head commentator for the clinic's "Dog Cast" where I give our listeners lots of important advice for their pets and encourage everyone to "Stay-Pawsitive". I

also star in several Tik Tok videos for the clinic & kennel. So, you can see I stay very busy and out of trouble. I cannot say the same for my little sisters though! In February of this year, Mama brought a new little bundle of joy home named DollyPop. She was cute but oh so irritating at times. Mama wanted me to show her how to potty outside, how to act at the clinic and how not to cause problems. Boy am I worn out trying to teach her, as our little baby sister has grown into an enormous bundle of energy with a naïve baby brain. She is fun to have around to play with until she sits on me and pins me to the ground. Mama was a little concerned at first that our baby sister DollyPop may play too hard with Izzy, but let me say Izzy takes up for herself! She even starts some spats with DollyPop as well as always ending them. Izzy is in her terrible twos. DollyPop & Izzy do help me with the “Dog Cast” & social media adventures but they still cause me grief! Izzy still steals my toys & hides them under the table as well as she likes to be a little bossy.

DollyPop thinks she is a vacuum cleaner & puts everything into her mouth! Of course, that gets her LOTS of attention from Mama & all the girls at the clinic. She also play pretends she is Tigger from Winnie the Pooh and bounces everywhere with not a care in the world. And you should hear my two little sisters when they get into a fight for Mama’s lap. Silly siblings, we all know that place is only for me!

So, Santa, this year I ask for some CET chews to keep DollyPop busy chewing as she is still a baby and teething at 11 months of age. Maybe a gift certificate for Daycare at Sunshine Purrs & Wags would be great to burn off some energy! For Izzy please bring a comb and detangler conditioner because you should see her hair after she romps with DollyPop! I know Izzy asked for a shirt that says “TINY AND MIGHTY BOSS” but please don’t do it! As for me, you can put some extra yummy treats in my stocking if you would like but I have my Mama & sisters, and they are the best presents of all! We wish you and the reindeer a safe trip this Christmas. Remember if something goes wrong with one of the reindeer Mama, Dr. Ferrell, & Dr. Peeler, are the best vets around!

Wags and Kisses,
Rosie Flanary

Microchip Your Pet Today!

Nobody plans for accidents to happen...

Give the Gift of
Coming Home
this Christmas to
your pet!

At Flanary Vet Clinic, we want to make sure that all the family members are home for the holidays. With the December 10th, 2021, tornado the number of pets that were not reunited with their owners was staggering. The shelters in the local area were so overwhelmed with lost pets that many had to be transported to out of state facilities because they were so overwhelmed. Many of these cases could have been prevented if the pet had been microchipped.

1 in 3 pets will get lost and 90% of lost pets never make it home- These odds can drastically change with the simple act of microchipping your pet.

A microchip is implanted beneath the skin and the animal has a permanent identification number unlike traditional tags that are often lost or easy to be removed. It is not GPS tracking and is implanted through a simple injection that can be done in one visit in the exam room. Once implanted and registered your pet's number is then entered into a national registry so your animal can be identified in minutes from anywhere in the nation. It is not a GPS tracing chip, but a form of identification that cannot be lost. All shelters and virtually all vet clinics, including Flanary Vet Clinic, have the scanners to read the microchips.

If you have a microchipped pet, we remind you to update your information with HomeAgain so that in the event your pet is lost the clinic/animal shelter can be in contact with you quickly.

Be a hero and download the latest version of PetRescuers app by HomeAgain® on your iPhone or Android device and you can help keep a lookout for lost pets in your area and recently found ones who have been reunited with their families. You can further expand your search beyond posting signs in your neighborhood by sharing lost pet alerts via Facebook, Twitter and email with ease. As a Pet Rescuer you will have access to great articles and resources as well as receive notifications about lost HomeAgain® pets to help get these pets home to their families and keep them out of overburdened animal shelters.

The cost to microchip your pet is now only \$39.99. Call 270-898-9738 to schedule your pet's appointment to be microchipped today! If you would like additional information on microchipping, please visit www.homeagain.com

A PAWSITIVELY BRIGHT STAY WHILE YOU'RE AWAY

Plan on dropping your fur kids off for a day of daycare, fun, and the party. Santa and the Grinch will be there for pictures. We will also be playing fun games and each pawty participant will go home with a “doggy bag” of Reindog food and a present. We are also having an Ugly Sweater Contest!

The party is only \$25.
Any pet can come to daycare with us for the day (if current on vaccinations) and participate in our party! As well as all boarders. Here is your peak at the December craft we will be offering for your pets for only \$10.

November brought lots of fun & joy to the fur kids of our community as we had a special party and activities at Sunshine Purrs & Wags. We served our 1st pet friendly "Barksgiving" meal so pets could enjoy food, fun & friends. We took fur pictures and played all day. We donated \$500 to local pet rescue.

Christmas & New Years are just around the corner! No matter where you are going for your holiday, your pet is looking forward to their own vacation at Sunshine Purrs & Wags! We have only been open a few months, but the fun pets are having with us is endless!!

Good Deeds & Angel Wings

It is a very sad day when I put a client's pet to sleep and as long as I have had a clinic, I have not charged for this service. As a veterinarian it hurts each time that I have had to put a pet to sleep as it means that I can no longer help them to live a happy healthy life with their owners. In 2011, I had to put my longtime friend Bitsy to sleep, and it really reinforced the pain that a pet owner feels in losing a part of their family. Many clients offer to pay or want to give something as a way of saying thank you, so

after losing Bitsy I decided to create the Bitsy Angel Fund. This fund is for owners to voluntarily contribute to the memory of a past pet or when the time comes to put a pet to sleep. All proceeds raised will be used by me to help other pets live or live a better life that otherwise might not be able to for financial reasons. There is no better way to honor your pet or my Bitsy than to help another pet be able to live!

We have been able to help so many pets in our community in recent years with this fund and your generous donations. Since its creation in 2011 we have been able to help over 1000 pets!

In addition to the Bitsy Angel Fund- Since 2015 with the help of the Missing Bella Spay & Neuter Program multiple families have been helped in affording the cost of spaying or neutering their pets! We are the main sponsor in their annual “Woof & Waggle” golf tournament as well as being one of their accepted veterinary clinics for medical care.

This year in the 2025 Walk to End Alzheimer's- we raised over \$10680.00 to go toward research for finding a cure for this disease. This brings the grand total over the past 10 years of walks & nail trims to \$122197.00! This would not be possible without my clients & their unwavering support! We hope that with each year we are able to bring more awareness and research to this cause that has personally affected me and so many others.

IN CLOSING FOR THE 2025 YEAR:

First, I would like to say **THANK YOU** to all of my clients who have made my 28th year in business (30th being a vet) such a success! What a joy it is for me to do what I love every day. I truly care about my clients and patients! I cannot thank each of you enough for all your support & friendships over the years. Your loyalty and recommendations have allowed the clinic to grow and thus be able to do more for the pets and people in our community. To say the least, it's been another crazy year! We welcomed another associate Veterinarian to the practice Dr. Bailynn Peeler who loves exotics. She has grown up with leopard geckos, guinea pigs, birds and hermit crabs. She has also taken courses at Auburn's College of Veterinary medicine relating to aquatic, reptile, avian, and raptor medicine. She loves to see the relationship exotic owners have with their pets and wants to help grow that bond by informing owners about husbandry and care of each species. This is why she recommends yearly wellness visits for all exotics. Dr. Peeler also enjoys building relationships with the clients in order to take the best care of their pets- all pets!

Dr Kayla Ferrell is enjoying more time doing what she loves best- surgery. This year she has done roughly 430 spays, 436 neuters as well as several emergency surgeries. Socks, underwear, straight pins, a towel, velvet glass jar, rib bones, an air tag still working, and an avocado cat toy are just a few examples of what she has removed by endoscope or surgery from several of your pets!

With 2 doctors in the building, my life has definitely changed for the better in 2025. It has allowed me to have some much-needed time to relax & live life after years of 7-day work weeks & being on call after hours. I

have thoroughly enjoyed my life with family & friends. After 30 years of practice, I no longer work Saturdays but never fear Dr. Ferrell & Dr. Peeler alternate being here every Saturday morning to help you and your pets.

This year I traveled to Yosemite, Lake Tahoe, The Sequoias and Kings Canyon as well as a tour of Italy with my best friend from Vet School! And relaxed on my farm with my great nieces and nephews. As 2025 reaches a close I want to say **THANK YOU** for all the support and understanding my clients have given us as we navigate through another year of business! Running a business is a learning experience and I make changes as to how we can give the best possible care to your pet, and this year was no exception.

We are still providing Curbside Service to our clients which is great for those who have physical trouble bringing their pets in & out of the building, busy mothers, & those who need to run errands while we care for their pets.

As for my staff... I want to say **THANK YOU** to my wonderful staff! I must brag on my employees here, they are AMAZING! They work so hard, day in & day out, because they CARE. I cannot tell you how many steps they have taken in the rain, wind, cold, and heat as well as everything in between. They have worked through their lunches, +10-hour shifts, and well past closing so we can get your pets taken care of! Not to mention all the nights they are with us on an emergency call until the early hours of the morning, only to return a few hours later for a full day. This is honestly an amazing staff with incredible talent, intelligence, dedication, and compassion. They are an amazing team! They are young & learning each day but possess so much potential. They will do great things in this field of work & I want them to know from the bottom of my heart how grateful I am for all they have done in 2025. Be sure to check out our end of the year video on facebook & TikTok later this month- you will see how well everyone works together & support each other. They have fun everyday while taking care of your pets.

2025 brought lots of growth as we finally opened Sunshine Purrs & Wags. What an amazing opportunity this has provided for our community. Sunshine Purrs & Wags brings an expanded Spa for all your pets 'needs as well as boarding & daycare!! As someone who only has 4 legged children, it has been a delight to be able to provide pets with amazing care to stimulate their minds & bodies while their owners are at work or on vacation. I have yet to see a pet that tries out Daycare not absolutely LOVE IT!!! Pets are social creatures just like we are, and they love making new friends & playing! Who doesn't like friends & fun all day?

And then there is the "Pawty's"! What a fun opportunity this has been to see pets and people interact & enjoy themselves! If you have had a hard day, just go to Sunshine Purrs & Wags Facebook page and watch some videos from the day & you will have a smile on your face in no time!

We are looking forward to 2026 as we expand the clinic to bring a new surgical suite, a drive through "pick up meds" window and a special room for when we as pet owners must let go of our fur babies as they cross the Rainbow bridge. We cannot wait to be able to provide more for you & your pet's health & happiness.

Thank you again for a crazy but successful year! Stay safe and as my Mama would say, "The happiness you feel is in direct proportion to the love you are able to give! So, get up Sunshine, and give all you've got!"

Love and Respect,
Dr. LaNita Flanary
