

Flanary Vet Clinic Newsletter

2026– Issue

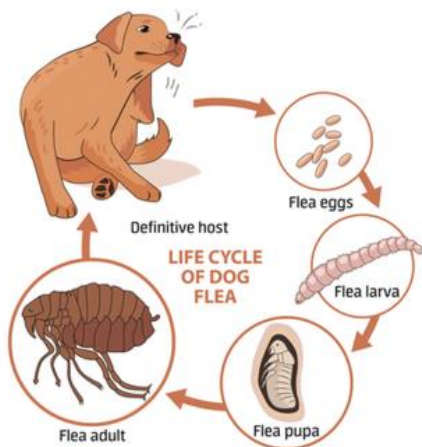

April showers bring May flowers! It's truly a beautiful time of year but with all the beauty comes allergens. In fact, the #1 reason dogs come to vet clinics is for skin allergies. The #2 reason is ear infections which are commonly caused by allergies. The key to treating your

pet's allergies is to identify the source. This can be challenging in Western Kentucky but Dr. Flanary and the staff at FVC can work with you to solve the problem. There are many options available to help ease your pet's discomfort. The 3 main causes of allergies in our pets are food, fleas, and atopy.

- Food- Less than 10% of allergies are actually caused by food. These usually result in ear infections, facial itching, and irritation of the rear end.
 - Treatment – Specialized diets. Grain-free diets ARE NOT the answer. Pets are allergic to the protein/meat source in foods – NOT THE GRAIN! Don't believe the people at PetSmart or the commercials on T.V.
- Fleas – The most common source of allergies in our pets. All it takes is 1 flea bite! Just like it only takes 1 peanut to have a severe allergic reaction!! When a flea bites your pet, it deposits a small amount of saliva onto the skin. Your pet can develop flea allergy dermatitis, FAD, which is a reaction to this saliva. The reaction causes severe itching, which is very uncomfortable for your pet.

Fortunately, today there have been new advances in flea control to prevent FAD. There are preventatives such as Credelio - which lasts for 30 days and Bravecto - which lasts for 90 days (Both Available at FVC) that kill fleas and control flea eggs, and flea larvae, and all stages of ticks.

Check with your vet to find the most effective treatment for your pet. Be cautious, as many pets have allergic reactions to over-the-counter flea products (ones you find at the farm store, pet store, or Walmart), and they can also make pets very sick. With the introduction of new flea control products, no dog or cat should be allowed to suffer from

Flea Allergy Dermatitis.

- Treatment - Keeping all pets in the home on flea preventatives year-round and treating the home/yard.
- Atopy - Atopy is essentially everything in the pet's environment such as mold, pollen, and dust. In western Kentucky and southern Illinois, mold is common and maybe your pet's allergy problem. In our area, this can be a yearlong allergy versus just a seasonal one.

apoquel
(oclacitinib tablet)

[GO TO PET OWNER SITE](#)

and can be used in dogs 12 months or older. Zenrelia begins working within just a few hours of dosing to provide relief for your pets allergy symptoms and does not require a loading dose like Apoquel does.

≡ level down to a manageable level, then is decreased to once daily to maintain them.

ZENRELIA

Zenrelia is a newer allergy medication that helps control itching associated with allergies. It is a pill that is dosed once daily

and can be used in dogs 12 months or older. Zenrelia begins working within just a few hours of dosing to provide relief for your pets allergy

symptoms and does not

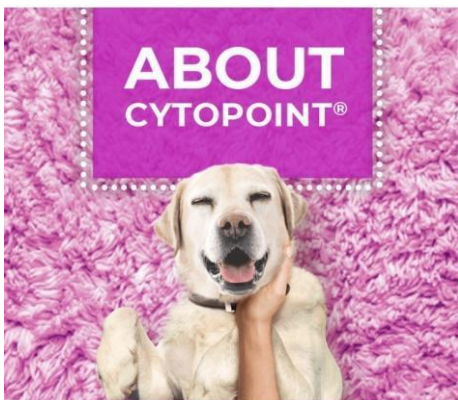

require a loading dose like

Apoquel does.

CYTOPOINT ALLERGY INJECTIONS

This allergy management option became available in 2016 and has helped countless dogs since. With a 92% success rate reported by pet owners, It has become a great option in the fight against allergies! In the past, the only option that used to be available to help with allergies was steroid injections- which we know in the present-day long-term use can cause damage to your pet's liver, and possibly lead to developing life-long health conditions such as Cushing's disease. With CYTOPOINT we now have the option of an allergy injection without the

≡ **CYTOPOINT.**

CYTOPOINT® is an injection that controls allergic dog itch for 4 to 8 weeks*

Follow Flanary Vet Clinic on Facebook, Instagram, and TikTok!

adverse side effects of a steroid. How it works is it neutralizes the main proteins in your pet's cells that signal your dog to itch. The injection lasts from 4-8 weeks and starts working within 24 hours of the injection being given. So, if giving a pill isn't a great option for you or your pet, an injection once every 1 or 2 months is much more doable!

MEDICATED ALLERGY SHAMPOO/CONDITIONERS/TOPICALS

The majority of the time, our allergy-prone pets have secondary infections in their skin such as yeast or bacterial infections, and/or very dry, flakey, inflamed skin. When this happens, you must treat the secondary problem as well as the main issue (allergies) to get your pet the full relief it deserves. Having & using the right shampoo and conditioner for your pet's condition can make a major impact on how well it responds to treatment & how fast they can feel better. We have many options available that come with a money-back guarantee to help your pet have happy, healthy, and beautiful skin. We can also bathe your dog for you using the product Dr. Flanary personally recommends for your pet at our Spa Days!

OMEGA FATTY ACIDS

Lastly, one product that is recommended no matter the level of your pet's allergy status is Omega Fatty Acids. Anytime your pet is on an allergy medication it should always be taking an omega fatty acid. OFA's is an all-natural way that can help your pets decrease the level of inflammation in their skin, decrease shedding, and help promote a shiny coat.

Big or Small - FVC Will Treat Them All. We Love Exotics & Farm
Animals

Exotics are those that are non-traditional unique pets. They are often chosen for a variety of reasons from housing restrictions, time constraints, or allergies. Choosing a non-traditional exotic pet may be the right choice for you, but finding the right one is crucial for the animal's health, happiness, and wellbeing. Step one would be researching the exotic pet you are considering. There is a lot of information on the internet, but you need to make sure the information

Follow Flanary Vet Clinic on Facebook, Instagram, and TikTok!

you are getting is from an educated source. At Flanary Vet Clinic, we have educational material available for new exotic pet owners. Another important factor in choosing an exotic pet is knowing the local laws concerning them. Each state/city is different so be sure to check out the local laws before getting an exotic pet. Once you have done your research the next step would be a new pet wellness exam and from there, our doctors can recommend vaccinations, dewormers, and other routine medical care. Getting exams and regular routine medical care will get your new pet on the right track to living a long, happy, and healthy life!

****No Show Policy****

At Flanary Veterinary Clinic, we strive to provide the best possible care for your pets. To ensure that we can accommodate all our clients and their pets' needs, we have implemented a No-Show Policy effective May 1, 2025.

****Policy Details:****

1. ****Definition of No Show****: A no-show occurs when a client fails to attend a scheduled appointment without prior notice.
2. ****Cancellation Notice****: We kindly ask that you provide at least 24 hours' notice if you need to cancel or reschedule your appointment. This allows us to offer the time slot to another pet in need.
3. ****Consequences of No Show****:
 - First No Show: A friendly reminder of our policy will be issued.
 - Second No Show: A reminder that any future appointments will require deposits
 - Third No Show: Future appointments will require prepayment of \$50.00 to be deducted from your appointment balance. If you do not show to this appointment the \$50.00 is non-refundable.
4. ****Exceptions****: We understand that emergencies happen. If you have a legitimate reason for missing an appointment, please contact us as soon as possible to discuss it.
5. ****Commitment to Care****: Our priority is providing care for all pets. This policy helps us manage our schedules effectively and ensure that

Follow Flanary Vet Clinic on Facebook, Instagram, and TikTok!

every pet receives timely attention. We appreciate your understanding and cooperation in this matter.

****IN HOME EUTHANASIA APPOINTMENTS****

We understand that saying goodbye to a beloved pet is one of the most challenging times in life. With three veterinarians now on staff, we are honored to offer in-home euthanasia services to provide comfort and dignity for your pet in a familiar environment. This compassionate option allows you to be with your pet in a peaceful setting, surrounded by love during their final moments. If you are interested in learning more about this service and its associated costs, please call the clinic. Our team is here to support you through this difficult journey and answer any questions you may have.

****IN HOME WELLNESS APPOINTMENTS****

We are excited to announce that, in addition to our in-home euthanasia services, we will now also be offering in-home wellness examinations and vaccinations for your beloved pets. Having witnessed the challenges my own parents faced in managing their pets' health, I understand the importance of providing care in a familiar and comfortable environment. This service is designed to help pets who may struggle to make it to the clinic or for pet owners who have multiple pets to care for. In-home wellness appointments will be available on the first and third Fridays of every month. Please note that an additional fee will be charged for in-home veterinary care. If you would like more details or to schedule an appointment, please call the clinic. We are here to support you and your pets in any way we can.

****FARM ANIMAL HEAR HEALTH EXAMINATIONS****

Follow Flanary Vet Clinic on Facebook, Instagram, and TikTok!

We are pleased to announce that our clinic is now offering Large Animal Herd Health Visits directly to your farm! This service is designed to help you make informed decisions regarding the health and well-being of your farm animals.

By bringing our veterinary expertise to your location, we can conduct thorough assessments and provide tailored recommendations for your herd. Additionally, this allows us to prescribe the correct medications if the need arises, ensuring that your animals receive the best possible care. If you are interested in scheduling a herd health visit or would like more information about this service, please contact our clinic. We look forward to supporting you and your farm animals!

****IMPORTANT NOTICE REGARDING ONLINE PHARMACY****

We would like to take a moment to clarify our relationship with the third-party internet store associated with our clinic. While we provide this service to help you access veterinary medications that may not be in our inventory, please note the following important points:

1. **Third-Party Store:** The online pharmacy is independently managed and does not fall under our ownership or management. Any emails you receive that appear to be from our clinic are actually generated by the third-party store.
2. **Pricing Information:** We want to highlight that for heartworm and flea and tick prevention medications, our in-clinic pharmacy often offers more competitive pricing than the online store. We encourage you to compare prices and consider purchasing these products directly from us for the best value.

3. Medication Availability: The online store serves as a convenient option for medications that we may not carry in our clinic. However, we recommend reaching out to us directly if you have questions about specific medications or if you need assistance.

****SAME-DAY, WALK-IN, & EMERGENCY APPOINTMENTS****

We are proud to be one of the few clinics in town that accepts same-day appointments for pets who are sick or injured. Your pet's health is our top priority, and we want to ensure that they receive timely care when they need it most.

In addition to same-day appointments, we also welcome walk-ins and emergency cases. However, we kindly ask for your understanding regarding a small additional fee that may be applied to your exam if your visit requires the clinic to stay late to care for your pet. This fee helps us manage our scheduling and maintain the quality of care we strive to provide. If you have any questions about this policy or need assistance, please don't hesitate to reach out.

****Update on In Clinic Or Curbside Appointments****

We appreciate your continued trust in us to care for your pets. As a reminder, our clinic currently operates with three examination rooms, which we maximize to accommodate all our scheduled appointments and discharges.

To ensure we provide the best care possible, we may sometimes need to take your pet to the back for diagnostics and examination if all examination rooms are occupied. Please rest assured that a veterinarian will always communicate with you about your pet's health and address any questions you may have.

Additionally, we offer curbside appointments for clients who may be injured, unwell, or those who have multiple pets to bring in at the

Follow Flanary Vet Clinic on Facebook, Instagram, and TikTok!

same time. Or for mothers with a pet and small children. This option allows us to provide a more comfortable experience for everyone involved. In some cases, pets may also do better during their visit without their owners present.

We appreciate your understanding and patience as we navigate our in-clinic appointments, drop-off procedures, and curbside services. Our goal is to ensure that every patient receives the necessary care while accommodating all our clients' needs.

SUNSHINE PURRS & WAGS
A PAWSITIVELY BRIGHT STAY WHILE YOU'RE AWAY

AT SUNSHINE PURRS & WAGS

Follow Flanary Vet Clinic on Facebook, Instagram, and TikTok!

-Adventure Suites- make a reservation in one of our 4 adventure suites and you'll have a happy hound! Our premium Adventure Suites are beautifully tiled for homey comfort and easy cleaning and feature unbreakable glass doors that offer your dog a view of the activities outside their room. These suites can accommodate a fur family! Each suite boasts unique and whimsical décor that brings the energy of a dream vacation retreat to your pup. Cushy beds and a downy soft snuggle blanket create the ultimate comfort for lounging and sleeping. Nightly relaxation music, ambient lighting, and aromatherapy help your pooch unwind, promising calm and tranquil evenings.

-Itty Bitty Estates- reserve a royal retreat for your pint-sized pooch where they'll be waited on paw and foot. At Sunshine Purrs and Wags, the safety and comfort of your pets is our first priority. That's why we created Itty Bitty Estates to house our tiny tail wagers in a lavish complex designed especially for them. Tucked securely away from the roughhousing of much bigger dogs, this peaceful, private room offers a haven of protection and tranquility without cages. The spacious chambers are furnished with comfy bedding, and your pup will enjoy the ultimate restful night's sleep. Bowls are provided for dining, and daily housekeeping is included for all our guests.

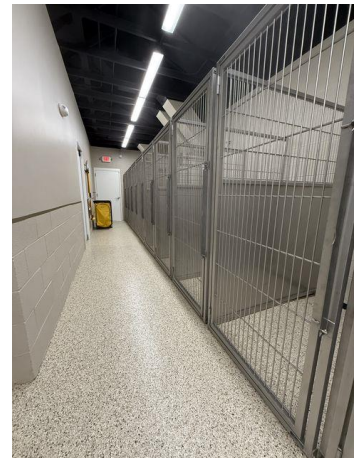

-Big City Kitty Condos reserve the purr-fect getaway for your finicky feline. Designed with their exact standards in mind, these 4-level condos offer all the luxury, style, and functionality that your cat's aristocratic sensibility craves. Each of our condo's features: basement floor Paw-ty area, second story luxury dining, a cozy third floor bedroom for catnaps, and a rooftop lounge for leisurely loafing.

◦ **B & B's** provide boarding on a budget. Check your furry friend into one of our "B&B's" for a comfortable and affordable stay with the same great care that Sunshine Purrs and Wags provides every valued guest. Our economy lodging consists of 34 smooth-edged,

chew proof, stainless steel kennels of varying dimensions to perfectly accommodate your pet as well as 6'x3' stainless steel runs, fitted with privacy panels to ensure safety and security.

While boarding your pet can experience one of our packages...

1) "The Pampered," This package consists of room service with 3 Gourmet Treats ... \$5/day. You can also buy their favorite treats that they pick out from our **Biscuit Bar** or all the other specialties we have like Pupcream, Pup-Pop, Mutt mellows, Dogstoppers, Pup Happy Meals, Kitty Churu or Surf & Turf Treats.

2) "The Lavish" This package consists of the "pampered package" + Outdoor Courtyard/Indoor Pup Plaza/Feline Fitness Center or Cuddle time... \$10/day. We have 13 play areas outside and you can customize your pet with private potty time or group play for their size! If your pet is a cuddler they may even choose to be rocked in our rocking chair in the Itty-Bitty Estates room. Cats have their private fitness center with a climbing gym.

3) "The Luxury" This package consists of the "Pampered" and the "Lavish" package + a "Tail Wagging Good Time activity... \$15/day Every weekday at Sunshine Purrs & Wags, we have a different activity to stimulate your pet's minds, senses and provide physical exercise to enliven all their senses, prevent boredom and bring them pure joy!!! These may include Pupcorn & Flicks (a relaxing movie night with pupcorn), Wiggle Waggle Walk (pups walk a path & sniff out treats inside or through the courtyard), Bubble – Pop Party (We bring out the bubble guns & encourage pups to jump & chase the bubbles), Ball Pit Blitz (We fill our ball pit with hidden treats or toys & let the pups loose to find them).

In closing,

In conclusion, allergies are so common in our pets just like us and sometimes can cause severe infections in the skin as well as plain misery. There are several ways to help with allergies, so please let us help your pet. Bathing your pets on a regular basis also helps tremendously with allergies and skin issues. So, ask us about the best shampoo for your pets or take advantage of our Spa Day specials! And don't forget..... Bring all your exotics to have a wellness exam with us this month and we will answer any of your questions.

We are thrilled about the clinic addition coming along so quickly. Hat's off to D&D construction for doing a fabulous job. We cannot wait to be able to provide our clients and patients with the best service with a new state-of-the-art surgical suite, post-operative recovery room, home inspired euthanasia room, and drive through window for prescription pickups. Keep watching our progress!

With Love & Respect,

Lanita Flanary D.V.M.
